From Your Board of Directors

At the December board meeting, it was approved to raise the dues, \$6.00 a month for a family membership and \$4.00 a month for single membership. This is necessary due to the cost of operating the golf course. In the past five years alone, employee health care cost has more than doubled.

In addition, the board approved the leasing a fleet of 72 new golf carts. The cost of leasing, rather than buying 15 new golf carts every other year, will save the club money in reduced interest and principal payments; maintenance cost, lower fuel cost and labor cost. Over 95% of golf courses now lease carts rather than purchase them.

Thank you to all who have paid their dues early. It has helped the cash flow.

Thanks to those of you who gave to the Employee Christmas Fund. We were able to give our hourly employees a nice gift for Christmas. I am sure the employees appreciated it.

Hope everyone had a great Christmas and we are wishing each of you a happy and healthy new year.

Reminder

With the coming of colder temperatures we have begun the daily frost watch. Since the golf course is located in a valley next to the lake we often have frost even when others around the area do not. The golf course will remain closed each day until such time as the frost thaws enough to make playing safe for the turf. If you have an early tee time, you can call ahead to check on the day's conditions.

Meet Pat Walters

I'm Pat Walters. I moved to the lake in August of 2012. I work out of my home as a project manager for the Procter & Gamble Company and as a genealogist writing family histories for clients. I have been at Lake Valley only a few months but enjoy working in the Pro Shop and meeting all the members and guests.

I am from St. Louis originally where my extended family still live.
